

JACQUE PRICE ART

COMMISSION CONTRACT

1. Jacqu Price has received the collector's, _____ commission description, and has given approval for the project, as well as communicated a thorough understanding of the proposal as outlined in the Commission Reservation Form I filled out on jacquepriceart.com, as well as during our follow up call to discuss details.
2. I agree to pay for the project as agreed, in two installations. The total agreed upon price of the commission _____ + _____ for shipping will be paid 50% upfront to reserve my space on Jacqu's calendar, and 50% paid when the commission is complete. I understand that the commission will not begin until the first installment is paid. I understand that if I require more than the 3 allotted edits to the commissioned work, that a 15% fee will be charged for each added edit. If I or the Artist require a new painting altogether due to an excessive need for edits to the original piece, I agree to pay an additional 50% on top of the total price due for a new work to begin, with another 3 edits allowed.
3. Rights to the digital image of the commissioned work will remain the sole property of Jacqu Price, who may reproduce the work in print at her leisure. The rights to the original painting are the Collectors, who may exhibit, loan, or do with it as they see fit.
4. Please detail the project description here, in your own words...
5. Once this contract is signed there are no refunds, returns, or exchanges. If Jacqu finds she is unable to complete the project, or must quit the project for any reason, she will fully refund what has been paid toward it. If the collector decides to quit the project for any reason, all funds paid will be forfeited, and no further funds will be owed.
